**We are searching for a driven finance professional who is looking to make a meaningful impact. Do you have experience in finance business partnering and/or commercial analysis? If so, you may just be the one we are looking for.**

Our journey at Whiteaway Group began with a simple idea, a commitment to our customers, and a passion for digital innovation. Today, we stand as a successful retailer, selling and delivering household appliances across all of Scandinavia. We're change-makers at heart - it's the core of everything we do.

You will join our Business Finance unit, which is responsible for driving performance management, business partnering, controlling, and reporting. In this role, you will take the lead in supporting our commercial finance operations with analysis, strategic and tactical recommendations, FP&A, controlling and reporting. As we play a supportive role to many areas of our business, building relationships across the organisation is critical to our success. You will be a key player in relation to stakeholder management and collaborating effectively with colleagues at all levels.

## **The primary tasks are:**

- Collaborate with our commercial and sales leadership teams and provide financial analysis and optimisation advice that will drive tangible results.
- Be responsible for setting and analysing relevant KPIs, including margins, costs, market, and supplier performance.
- Drive financial processes such as forecasting and budgeting. Your expert insights will provide transparency into performance, ensuring the correct month- and year-end close.
- Provide financial support and recommendations on supplier negotiations.

## **Your profile**

- A master's degree in finance or a related field
- Solid experience in commercial finance and controlling, preferably within retail.
- Strong analytical skills and a sound business understanding
- Excellent communication skills and the ability to work collaboratively with stakeholders at all levels

## **We like to think we have quite an amazing workplace, including:**

- A dynamic and international environment with room for you to be you
- An informal environment with short decision-making processes
- Attractive opportunities and professional development for you to shape your own job
- A culture of trust for you to plan your own day and balance your whole life
- Attractive settings for the job: flexibility in how and when you work, healthcare, lunch scheme, gym, and great social events – just to mention some

We are committed to creating an inclusive environment for all employees. We welcome applicants from all backgrounds, beliefs, and identities.
